

Negatron

Voivod

High, some positron, speeding ion
Cruising along
High, some positron, speeding ion
Cruising alongLow, down inward flow
Magnetosphere, negative glow
Now, what's going on, motive, unclear
There's something wrongYes, hypnotronik, polarity, rising sun
Yes, hypnotronik, polarity, rising sunNo, guide lining lead, generator
Breaks over me so close to the core
Lay down, here comes, the negatronMaybe plan a should be
To make a b-line out of here
Sub, electro squad of vagabond
Ultra matterOut, get out of here, nucleonik
Vacu, vampire, out, get out of here
You magno void, damn negatron
Negatron, negatron
