# Rock the Boat

## Kinnie Starr

Rock the boat
Rock the boat
Yeah, rock the boat
Rock the boatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatEverybody get up, come on, start your stuff
Shake like you're gonna give it everything you got
Just move like you're in a groove over the valley
Prove, you're someone that the world needs madlyHeat the heart of everything near you
Be who you are, shine like you do
Aboriginal, I'm speaking directly to you
Four blood quarter, third or sixteenthRest folks, cindy folks
Blue eyes, brown or green
Caucasian features or cheek bones or cup glass
Ignite the future joined by the pastRise like the sun, you already have the gun
The blood boils even in the weakest of wanton
Stay strong, help each other along
Through every shade of red, I dedicate this song
Just stay song andRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatI like writing rhymes but I'm not supposed to
Writing rhymes, not what fair skin girls do
I just bounce off the sounds and the tones
The beat and the bass make the day last lonelyI dream of the lovely time
Separate sense from the voice in my mind
I get wet thinking hypothetically
Break us wet dreaming, I'm gonna get meWhen on the front and back and both sides
Don't mean I don't a get a good from a man right
It's just life loving all kinds
So many beautiful hearts and bright mindsSo many ways to click and shoe shine
But it's so outlawed to dig you double time

But the sky is the skin and the eyes are the stars
Live it all, it's just who we areRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock, hey, rock the boat
Don't sink, float
Rock, hey, rock the boat
Don't sink, floatRock the boat
Rock the boat
Rock the boat
Rock the boatEverybody just rock the boat
Here we go
Rock the boat
Rock the boat now
Go ahead, yeah, go ahead
Everybody in this place rock the boat
