Weep

Miss World

She turns she burns she feels concealed by someone that she doesn't know
She hopes some day he'll find his way into these tears that she weeps
She knows she gave she feels enslaved by what she gave too easily
She hopes in time she waits in line for all these things that will make her
realI feel that she woke up feel she's had enough
Feel it's time she opened up her eyes
I feel that she woke up feel she's had enough
Feel it's time she opened up her eyesShe holds the cold she feels so fooled by all this pain she has revealed
She hopes she cries she holds inside all these things that will make her realI feel that she woke up feel she's had enough
Feel it's time she opened up her eyes
I feel that she woke up feel she had enough
Feel it's time she opened up her eyesShe screams put your hands on me
Put your hands on me put your hands on I need to feel you touch
Put your hands on me put your hands on I need to feel you touchI feel that she woke up feel she's had enough
Feel it's time she opened up her eyes
I feel that she woke up feel she had enough
Feel it's time she opened up her eyesi feel she's got to open up her eyesPut your hands on me
