Echo

Colton Dixon

I've been around but I couldn't tell
Before I fell for You
I was a sound that couldn't get out
Until You pulled me throughSometimes we miss the things
That life seems to throw our way
Because we haven't tuned our ears
To hear the record playing
Beyond our imperfections
Trying to cut through the noise
I stand a broken man
Who longs to be Your voiceCause I don't just want to fall in love with You
No I don't just want to fall in love YouI want to be an echo
I want to be an echo
I want to be an echo
I want to be an echo
Of YouI see it now
I'm out of the clouds
With my radio in tune (You are the song 2x)
I hear it loud over the crowd
Teach me to sound like YouSometimes we miss the things
That life seems to throw our way
Because we haven't tuned our ears
To hear the record playing
Beyond our imperfections
Trying to cut through the noise
I stand a broken man
Who longs to be Your voiceCause I don't just want to fall in love with YouI want to be an echo
I want to be an echo
I want to be an echo
I want to be an echo
Of YouI want to be an echo
I want to be an echo
I want to be an echo
I want to be an echo
Of You
I wanna be an echo
