

# Here With You

## WorshipMob

You were my favorite poster  
Hanging on a wall and just like a roller coaster  
You kept me waiting for a fall  
A surprise I expected and protected  
Like it was all I ever knew  
In your eyes you selected me  
The same way I chose you  
The same way I chose you  
I kept you like a secret  
And everything I went through  
You would not believe it  
To keep your face up on my wall  
From my mom I defended and pretended  
That you were no big deal  
'Cause to her you were paper  
But in my eyes you were real  
In my eyes you were real  
I'm so in love with you  
My mind is set on you  
This time and every time  
I just can't get enough of you  
And when I'm stuck at home  
They think I'm all alone  
Don't know what I would do  
If they knew I was here with you  
Here with you, here with you  
Here with you, here with you  
Here with you  
If they knew I was here with you  
You came in my life  
At a time I was down  
You colored the world  
And turned it around  
And I can't believe  
It's all that I need, it's true  
And I don't wanna fight this  
I'm so in love with you  
My mind is set on you

This time and every time  
    I just can't get enough of you  
    And when I'm stuck at home  
        They think I'm all alone  
        Don't know what I would do  
    If they knew I was here with you  
        I'm so in love with you  
        My mind is set on you  
        This time and every time  
        I just can't get enough of you  
        And when I'm stuck at home  
        They think I'm all alone  
        Don't know what I would do  
    If they knew I was here with you  
        I'm so in love with you  
        (Here with you)  
        My mind is set on you  
        (Here with you)  
        This time and every time  
        I just can't get enough of you  
        And when I'm stuck at home  
        (Here with you)  
        They think I'm all alone  
        (Here with you)  
        Don't know what I would do  
    If they knew I was here with you
