

Get Your Buzz On

The Cadillac Three

Well us boys, we ain't suit and tie
Like the young guns, hats and boots
Catch a cowgirl's eye Oh, we came just for the party
We came for the girls that get naughty
We came cause we just wanna let it go
A little whiskey buzz through your radio There ain't nothing wrong
If you want a knock-down, drag-out, go on let your hair down
Party on the farm 'til the rooster crows, yeah
From Skynyrd to The Rolling Stones
"Start Me Up" 'til "Tuesday's Gone"
Get your buzz on, get your buzz on
Get your buzz on, get your buzz right
Get your buss on, get your buzz on
Get your buzz on We ain't done 'til the sun kills the fun
Yeah me and my boys drink with anyone Oh, we came just for the party
We came for the girls that get naughty
We came cause we just wanna let it go
A little whiskey buzz through your radio There ain't nothing wrong
If you want a knock-down, drag-out, go on let your hair down
Party on the farm 'til the rooster crows, yeah
From Skynyrd to The Rolling Stones
"Start Me Up" 'til "Tuesday's Gone"
Get your buzz on, get your buzz on
Get your buzz on, get your buzz right
Get your buss on, get your buzz on
Get your buzz on I've been know to pop a couple tops yeah
I've been known to smoke a little pot yeah
It's hard to not overdo it when it goes so good
With the country folks, come on There ain't nothing wrong
If you want a knock-down, drag-out, go on let your hair down
Party on the farm 'til the rooster crows, yeah
From Skynyrd to The Rolling Stones
"Start Me Up" 'til "Tuesday's Gone"
Get your buzz on, get your buzz on
Get your buzz on, get your buzz right
Get your buss on, get your buzz on
Get your buzz on
