

Makavelli Never Lied

Teena Marie

22 doves up in the sky
Spread your angel wings and fly
A comet soars across the sky
Sent to give the whole world light
Brother I ain't mad 'cause you make my body shake
Came and went so fast and I need a resolution
Reasons for my life and the faces that I see
Rolling with my crew keeps me rockin' til tomorrow
Makavelli never lied
(Throwing up your hands said he's for real)
And Allyia never lied
(Let me hear you holler now she's for real)
My man Common never lied
(Givin' up the heartbeat props for real)
And Stevie Wonder never lied
(Talkin' 'bout the prophet now he's for real)
Told you he was right or die (?)
Made you laugh and made you cry
Gonna count from 1 to 10
Dust it off and try again
Sister, I ain't mad 'cause you made my body shake
Came and went so fast and I need a resolution
Reasons for my life filling all my deepest space
Rollin' with my crew keeps me rockin' keeps me rockin'
Makavelli never lied
(Throwin' up your hands said he's for real)
And Joni Mitchell never lied
(Let me hear you holler now she's for real)
India.Aire never lied
(Givin' up the heartbeat props for real)
And Bob Marley never lied
(Talkin' 'bout the prophet now he's for real)
Bird of beauty please don't go
Stay and satisfy my soul
Make me high when I feel low
What's this need for neo-soul
Blessed are the righteous ones
Pure in heart the peaceful ones
Know that when your life is done
Heaven it lasts always
Brother I ain't mad 'cause you made my body shake
Came and went so fast and I need a resolution
Reasons for my life in the fine lines on my face
Rollin' with my crew keeps me rockin' til tomorrow
Makavelli never lied
(Throwin' up your hands say he's for real)
And Marvin Gaye would never lie

(Let me hear you holler now he's for real)
Lauren Hill would never
