Is This Sound Okay

Coconut Records

Way out west
Where the air is clean
People know who you are
If you know what I mean

And we look alike
So don't go away
You were the only one
You were the greatest one day

Does this sound okay?
Is it low enough?
I thought I hears you say, "It all comes around."
Is this sound okay?
I can turn it up
Where will you stay when it all comes around again?

Yeah it's been so long
Since you spent the night
Did I hold you late?
Did I have it too tight?

And it breaks apart
When you watch her sing
Without a little bit more
Something anything

Does this sound okay?
Is it low enough?
I thought I heard you say, "It all comes around."

Is this sound okay?
I can turn it up
Where will you stay when it all comes around?

Does this sound okay?
I thought I heard you say, "It all comes around again."

Does it sound okay?
Is this sound okay?

It all comes around
Is this sound okay?
It all comes around again
