

# Rollin Gang

## 28 Days

Oh what the fuck is this thing  
i pictured four wheels  
i can't ride that  
i'm reading the warning  
of snowboarding  
jimmy takes over and says fuck that  
because it reminds him so much  
don't even think of bailing cause  
they can be nasty  
watch out for the trees  
it doesn't have a break  
if you miscalculate the line that you take  
face in the dirt your mates  
are all laughing  
mt bipta take me back  
Golf courses, smart park  
that school in south frankston  
we're taking over your park  
and old jimmy's black hard pack  
better go there after dark  
When we walk up to the park  
  
better grab your dog, pack up  
the picnic basket  
yo we're not asking  
lovers rollin on the grass  
better watch ass  
as we're rollin by  
because you're going to fuckin die  
break  
When we walk up to the park  
the picnic basket  
better grab your dog, pack up  
yo we're not asking  
better watch ass  
lovers rollin on the grass  
as we're rollin by  
because you're going to fuckin die  
to fuckin die

fuckin die because you're going  
yeah you're gonna die gonna die  
we're takin over
