

# You On My Mind

Sitti

Friends say I'll get over you soon  
Thoughts of you come back to fill me with gloom  
Time forgets but I'm not over you yet  
There's no sense of asking why  
Until the tears run dry

There's no one but you on my mind  
Searching for a perfect ending that we'll never find  
If we could make it work this time

Years have flown by since you've been gone  
This broken heart of mine's been waiting too long  
All alone without you I can't carry on  
There's no sense of asking why  
Until I'm there by your side

There's no one but you on my mind  
Searching for a perfect ending that we'll never find  
If we could make it work this time  
We could plant tomorrow's dreams now together  
In a garden to last forever more  
All the flowers would grow  
From the seeds we'd sow...

There's no one but you on my mind  
Searching for a perfect ending that we'll never find  
If we could make it work this time

There's no sense of asking why  
Until the tears run dry  
I could be there by your side  
If you would only change your mind  
If we could make it work this time
