Do It Again

Dru Hill

(Chorus)
Never want your lovin' to end, just climb on top of me.
C'mon let this lovin' begin, girl keep doing your thing.
Just do it again, do it again.
Baby won't you do it again.
Do it again, Do it again.
I gotta have you do it again, just do it again.
Tell, me what you like,
And imma make it happen,
You, gotta wait up all night,
Just to get it crackin',
No and I love it when we're alone,
Getting it on, getting it on.

And know I gotta have it, every time you grab it,
It turns me on.
Now we're dancing in the rain,
Baby shower me with all your loving, hugging, kisses every day.
(Chorus)
Here's your favourite song, we can play it all night long.
Baby tell me is this the one, 'cause you're the one girl.
Ooh that sexy look in your eye,
It lets me know that its time, to get it on,
We can do it all night long.
(Chorus x3)
