Suburban World

[Burning Image](#)

The way they look at me
Can't figure out who I am
You kill yourself for them
But in the end no one cares, nobody gives a damnThat's where we go
We row, you row
Your soul only goes......downWait.......up
WaitThey won't look out for you
I knew that right from the start
There is nothing you can do
When you see your suburban world just falling apart
