

Time and Truth

Cas Haley

When Iâ€™m talking to you
I look deep into those eyes
Iâ€™m wondering why
I continue to tell you lies
If I said Iâ€™m sorry
Would you care?
Or would you just stand there pretty
Playing with your hair?

Well its time and truth that I fear
I have been walking and squawking and lying up in here
I said if you knew, what would you do?
Would we stay together would you leave forever?
Tell me baby what would you do

A Heavy bag of secrets
Just hanging around
When I look inside
It just brings me down
If I said Iâ€™m sorry
Would you care?
Or would you just stand there pretty
Playing with your hair?

Well its time and truth that I fear
Iâ€™ve been walking and squawking and lying up in here
I said if you knew what would you do
Would we stay together would you leave forever?
Tell me baby what would you do
Yea. What would you do
Please donâ€™t go
Wonâ€™t you just stay I need you to stay
Iâ€™m sorry for things that I have done
Iâ€™ve been lying
Iâ€™ve been crying for you

Well its time and truth that I fear
Iâ€™ve been walking and squawking and lying up in here
I said if you knew what would you do
Would we stay together would you leave forever?

Tell me baby what would you do
Tell me baby what would you do
Oh girl what would you do
