

Sweet Chin Music

Kid Ink

Uh-huh

Yeah

Uh-huh

WooI'm the same as you left me (Uh-huh, Uh-huh)

Gettin' to the money, not a question (Uh-huh)

Now you see the Rock like I'm wrestlin' (Uh-huh)

Ask me if I'm high, bitch, you know I'm NASA (Uh-huh)

Ask me what's your name, might forget the answer (Uh-huh)

I'll take everything I had except for chances (Uh-huh)

Belt up on my shoulder, don't forget who's champion

Young Aries, nigga, always been a LA Ram

Never bandwagon, neighbors mad my pants saggin'

You can't never tell me nothin' when I'm on my line (Woo)

Before 21, these bitches know I been savage

Made it outta hell with this undertaker flow

Now I flip the money up and I do the tombstone

Said I'm never goin' back, put that on my tombstone

Live the dream, tag-team everything two toned

When I pull up, do my reps in then I flex

Tell that bitch that she can fuck it, this the x

Jumpin' off the top, I hope you can catch me

I lost my mind and stopped second guessin' (Uh-huh)I'm the same as you left (Uh-huh)

Only thing that changed is addresses (Uh-huh)

Gettin' to the money, not a question (Uh-huh)

Now you see the Rock like I'm wrestlin' (Uh-huh)

Sweet chin music, hit the blunt, you feel that? (Uh-huh)

Why we never see you niggas, you chameleon (Uh-huh)

I be in the building doin' all my taunts

All black, I don't feel like Ricky, more like Jimmy Ross

Yeah, couple of 'em changed soon as they got the news

I can tell what you say about me in your interviews

One day, I'ma run backstage with the chair

You been talkin' 'bout then I light another flare

Way I'm feelin' and I'm lookin' ain't no seein' wrong (No)

Walkin' out to my theme song

Seen the ass, baby girl, and I ain't think long

And then I picked her up for that power bombI'm the same as you left me (Uh-huh)

Only thing that changed is how we dressin' (Uh-huh)

Gettin' to the money, not a question (Uh-huh)

Now you see the Rock like I'm wrestlin' (Uh-huh)I'm the same as you left me

Sweet chin music, hit the blunt, you feel that?

Uh-huh

Uh-huh

Uh-huh

Uh-huh
