# Curious

## Josh Hoge

We agreed, lets take it slow
Dont wanna go too far, too fast
Cause baby, we both know
Its gonna take some time to make it last
So dont think Im crazy
Cause baby, Im just curious[Chorus:]
What are you doing with the rest of your life?
Cause maybe you could spend it with mine
And on this holiday, I was just wondering, yeah
So dont think Im coming on too strong
Im just asking if you might belong with me forever
Dont need to get too serious,
I was only curiousBaby, please, dont be afraid
The last thing I want to do, is scare you away
Cause someday what might become too
And until that happens,
Im asking cause Im curious[Chorus:]
What are you doing with the rest of your life?
Cause maybe you could spend it with mine
And on this holiday, I was just wondering, yeah
So dont think Im coming on too strong
Im just asking if you might belong with me forever
Dont need to get too serious,
I was only curiousWell always be in love,
Ill be the only one you need
Girl, until you see
Until that happens
(Oooh)
Baby, Im just curious[Chorus:]
What are you doing with the rest of your life?
Maybe you could spend it with mine
And on this holiday, I was just wondering
Yeah, yeah
So dont think Im coming on too strong
Im just asking if you might belong with me forever
Dont need to get too serious,
I was only curious
(ohhh)
