

Lately (feat. Shara Nelson)

Massive Attack

Summertime always gives me the blues
Thinking about the things we used to do
Watching lovers in the park making love so free
And now i realize there's only me
Lately baby where, where did we go wrong
Lately baby where, where did we go wrong
You been acting like a cat on a hot tin roof
Something's on your mind that you can't share
You never used to hide your feelings from me
Keepin secrets i don't understand
Lately baby where, where did we go wrong
Lately baby where, where did we go wrong
I used to synchronize it with your body
Making it so tight never letting go
I used to synchronize it with your body
Making it so tight never letting go
Lately baby where, where did we go wrong
Lately, lately, lately, lately
Lately baby, where did we go wrong
Where did we go wrong
Missed your touch, missed your touch
