

Find Yourself (From "Cars")

Brad Paisley

When you find yourself
In some far off place
And it causes you
To rethink some things
You start to sense
That slowly you're becoming someone else
And then you find yourself When you make new friends
In a brand new town
And you start to think
About settling down
The things that would have been lost on you
Are now clear as a bell
And you find yourself
That's when you find yourself Well you go through life
So sure of where you're heading
And you wind up lost
And it's the best thing that could happen
'Cause sometimes when you lose your way
It's really just as well
'Cause you find yourself
That when you find yourself When you meet the one
You've been waiting for
And she's everything
That you want and more
You look at her
And you finally start
To live for someone else
And then you find yourself
That's when you find yourself
