

Drunk On Love

The Wanted

We're drunk on love,
So turn the music up
I wanna lose control,
We're gonna lose control
We going out tonight
Going with no invite
I want to take it all
We're gonna take it all[Jay:]
I'm a lover not a hater,
Not a fighter or a player
And I'll party 'till the sun comes up
Getting a hangover without a cure
We could end up anywhere but that's all part of the rush[Max:]
When the lights are shining that's where you will find me
Getting drunk on love
That's what we do,
When I see you dancing
Gets me so excited
Gonna pour my love all over youWe're drunk on love
We're drunk on love[Siva:]
We're drunk on love,
We're gonna light it up,
The fire never ends
This fire never ends,
And when tomorrow comes
We're gonna hear those drums,
We'll do it all again,
Let's do it all again[Tom:]
I'm a lover not a hater,
Not a fighter or a player
And I'll party 'till the sun comes up
Getting a hangover without a cure
We could end up anywhere but that's all part of the rush[Max:]
When the lights are shining that's where you will find me
Getting drunk on love
That's what we do,
When I see you dancing
Gets me so excited
Gonna pour my love all over youWe're drunk on love

We're drunk on love[Jay:]
When the lights are shining that's where you will find me
Getting drunk on love
That's what we do,
When I see you dancing
Gets me so excited
Gonna pour my love all over you[Max:]
When the lights are shining that's where you will find me
Getting drunk on love
That's what we do,
When I see you dancing
Gets me so excited
Gonna pour my love all over youWe're drunk on love
We're drunk on love
