Zero from Outer Space

Tom Petty

Here we goI've been wrapped up in confusion
I've been tied down to my bed
Sufferin' some illusion
I'm out of my fuckin' head
It's insane to my brain, I ran awayAnd now, hey, hey, hey
I'm a zero
(Zero, zero, zero, zero, zero, zero)
Ohh from outer spaceBut I know you think I'm jokin'
I don't mean the things I say
Like I could but I won't
If I would anyway
It's insane to my brain, I ran awayYea now, hey, hey, hey
I'm a zero
(Zero, zero, zero, zero, zero, zero)
Ohh from outer space
C'mon, oooYou
You think that you're above me
You think that you're so big
When I saw you kick that dog
When the wind blew off your wig
It's insane to my brain, I ran awayWell, hey, hey, hey
I'm a zero
(Zero, zero, zero, zero, zero, zero)
From outer space
Yea, ha ha, oooWell, hey, hey, hey
I'm a zero
(Zero, zero, zero, zero, zero, zero)
Ohh from outer space
Yes I am
