## **How's It Going To Be**

## **This Century**

I'm only pretty sure that I can't take anymore Before you take a swing I wonder what are we fighting for When I say out loud I want to get out of this I wonder is there anything I'm going to miss I wonder how it's going to be When you don't know me How's it going to be When you're sure I'm not there How's it going to be When there's no one there to talk to Between you and me Cause I don't care How's it going to be How's it going to be Where we used to laugh There's a shouting match Sharp as a thumbnail scratch A silence I can't ignore Like the hammock by the Doorway we spent time in swings empty Don't see lightning like last fall When it was always about to hit me I wonder how's it going to be When it goes down How's it going to be When you're not around How's it going to be When you found out there was nothing Between you and me Cause I don't care How's it going to be And how's it going to be When you don't know me anymore And how's it going to be Want to get myself back in again The soft dive of oblivion

I want to taste the salt of your skin
The soft dive of oblivion oblivion
How's it going to be
When you don't know me any more
How's it going to be
How's it going to be
