

Sometimes It Ends

Asking Alexandria

Fuckin' pissed off, man, gary's my best friend and he kinda turned his back on me, he fuckin' bailed

Dennis actually sat down, was like, you don't want this album to be about Danny

Danny's in the past now, you need to move on

You need to look forward to your future and I was like, you're right, you're right and, um

I sat down and, and, I re-wrote most of, most of the record with Dennis So here we fucking go

You're going down, you're on your own

Blow your o-o-o-o-wn

This hate is endless Tonight I think I'll cross the line

I'll cross the fucking line

I'll cross the fucking li-i-i-ine

The hate is relentless Go

Here we go

Down

Down this hole

I've lost control

Save me Go

Here we go

Down

Down this hole

I've lost control

Save me Picking up, picking up

Another life

Waking up, waking up

From all the lies Sometimes it ends, sometimes you fall

Crossing out the man that I've become

I'm standing tall

Stronger than I ever did before

Against them all I know that you have locked me in your eyes

I can't resist it

The target on your chest is all that I can see

Fight me now

It's not over

No, no, no, it's not over Pick me up off the ground just once more

So on I go, on I go

But never alone Sometimes it ends

Sometimes you fall

Crossing out the man that I've become

I'm standing tall

Stronger than I ever did before

Against them all Now it's my turn to drag you through this hell
Through this hell
I won't forgive
I won't let go of what you've done
Oh Woke up alone
So sick of this game
I've spent too many years in this house of pain
If you can't find the words, read between the lines
So take it or leave it to me
So take it or leave it to me from here this time Ah, it was hard to sort of, switch off, 'cause I was still angry
inside, but
I just, I mean, then again, it might be something about that not pursuing
'Cause, being a musician and an artist, I write about what's fueling, what I'm feeling at the time
But, a lot of how I'm feeling is excitement, and I am happy
And I am extremely grateful to still be going, so
I just have to concentrate more of that, sort of like, for the new record
Then, you know, use my energy in hindsight, in a negative way
Which it completely would have been, had Dennis not called me out and said stop being a pussy
Which is cool
