

The Harm You Do

Mushroomhead

Can I do the harm
I do The Harm You Do me
Trapped in the wrong
Survive this mess I've been searching for something
for so long
I don't know what I'm looking for
Can I do the harm you do me
Trapped in the wrong
Survive this mess
Can I do the harm, you do
I do the harm, you do me I've been searching for something
for so long
I don't know what I'm looking for
Anymore, anyone care to join me?
Watch me fail, watch me fall into darkness...
In me Enraged by dreams I've staged, I'm falling
On your knees hear the words
we're calling you
Find yourself in a situation
Tired of dumbing down my senses
Just to feel alive, I try to feel alive, I try
Survive!
