

Faded Lines

Secret Machines

Faced with lies
Don't you think that you just lie?
Caught inside
Worlds made mostly of lies Make up your mind
'Cause it's all we love
That's all
Just faded lines Overwhelmed
Overjoyed is the same
Beneath the stillness
The place where coldness meets cold Make up your mind
'Cause it's all we love
That's all
Just faded lines And what else? Make up your mind
'Cause it's all we love
That's all
Just faded lines Yeah, I was scared
The seconds dripped past so slow
But I just stood there
I thought you should know
