Patiently Waiting

Engelbert Humperdinck

Here I lay alone and
know I never held you,
I can just imagine
how it` be.

Just you and me kissing tenderly, and I`m whispering
every word I`d say for
years to say to you

Here I lay alone, and
know I never touched you,
I can just imagine
How you feel

you`d be so real, my heart
would have to look away
for all the honest things
your eyes would say

Oh....I have been patiently waiting
for this chance to come along,
to hold you in my arms

Oh...I have been patiently waiting,
cause he`s treating your heart
so wrong,I knew that it couldn`t go on,
so I`ve been waiting, cause I`ve loved
you all along

Here I lay alone, and know
I never kissed you
I could just imagine
how you feel

You`d be so real,my heart
would have to look away
for all the magic things
your eyes would say

Oh....I have been patiently waiting,

for this chance to come along,
to hold you in my arms

Oh...I have been patiently waiting,
cause he`s treating your heart so wrong, I knew that it couldn`t go on,
so I`ve been waiting cause I`ve loved
you all along

Yes I`ve been waiting
cause I`ve loved you, all along.....
