2 Sapphires

Becca Schack

Sunny day in October
When you walked right through my door
I asked you to stay awhile
So we could explore
From the first moment I saw you
My heart stopped beating
And I'll never forget the way you smiled
The way you smiled (at me)I want to drink you up
I'll never get enough
And I cannot break free
From the way you look at me2 shooting stars
2 lightning storms
2 glowing embers
2 galaxies
2 pools of tears
2 violent starbursts
2 electric blue
2 sapphiresIt's not just how you kiss me
It's the way that you feel (that you feel)
It's not just how you touch me
I just can't believe you're real (can't believe you're real)
Every time that you look at me
I fall for you
It's the taste of lips
And the scent of your hair
It's the scent of you hairI want to drink you up
I'll never get enough
And it's no mystery
Why you're always haunting me2 shooting stars
2 lightning storms
2 glowing embers
2 galaxies
2 pools of tears
2 violent starbursts
2 electric blue
2 sapphiresAll the nights we didn't sleep
All your secrets that I keep
Oh, without you I'm weak
All the funny things you said

Your laughter echoes in my head
Oh, without you I'm deadI want to drink you up
I'll never get enough
And I cannot break free
From the way you look at me2 shooting stars
2 lightning storms
2 glowing embers
2 galaxies
2 pools of tears
2 violent starbursts
2 electric blue
2 sapphires
