

Crash and Burn

[Abi Alton](#)

My heads been in the clouds lately
And it's raining on me
My thoughts have been getting way too heavy
And now I can't see clearly
Been keeping things hidden inside
So scared of what's going on in my mind
I'm all choked up just writing this
Can't cope with this I'm loosing itCos it's hard when you're falling apart it the seams
Cursed by all those unrealistic dreams
And you're waiting for the court is be adjourned
Don't want to watch them watch me crash and burn
Crash and burnI've lost control I just exist
I'm just a number on a never ending list
But it's OK just forget me
when I go on your head it will be
you don't care
But why should you?
I probably won't see this one throughCos it's hard when you're falling apart it the seams
Cursed by all those unrealistic dreams
and you're waiting for the court to be adjourned
Don't want to watch them watch me crash and burn
Crash and burnCos it's hard when you're falling apart at the seams
Cursed by all those unrealistic dreams
and you're waiting for the court is adjourned
Don't want to watch them watch me crash and burnCrash and burn
Crash and burn
Crash and burn
