

Valentine (Paul Dateh Remix)

Kina Grannis

Love
It's a special day
We should celebrate and appreciate
That you and me found something pretty neat
And I know some say this day is arbitrary But it's a good excuse
That I love to use baby I know what to do baby I,
I will love you, I'll love you, I'll love you Love
I don't need those things
I don't need no ring
I don't need anything
But you with me 'cause in your company
I feel happy oh so happy and complete And it's a good excuse
That I love to use baby I know what to do baby I,
I will love you, I'll love you, I'll love you
Yeah it's a good excuse
That I love to use baby I know what to do baby I,
I will love you, I'll love you, I'll love you So won't you be my honey bee giving me sweet kisses all the time
Be mine, be my
Valentine So won't you be my honey bee giving me sweet kisses all the time
Be mine, be my
Valentine Oh
Be my Valentine
