

# Cease To Exist

## Welter in Thy Blood

Die to live the grand illusion  
Step into the mass delusion  
Creep inside and crawl around it  
The one within, the one who found it

Cease to exist

Your mind is breaking free  
Everlasting ghosts to follow  
Enemies that beg and borrow  
Pretty poison, black as morning  
Break it down without warning

Cease to exist

Your mind is breaking free  
Keep all hands inside while riding this ride  
You must be so high to ride the dark ride  
All you want's inside, inside the dark ride  
Keep all hands inside while riding this ride

Cease to exist

Your mind is breaking free
