

Love Is a Wild Thing

Jennifer Rush

Some people say
Love is fate, but I don't buy it
It's a chance we're taking
We've gotta try it How can we know
What the night is gonna teach us?
Can we be so certain
Love's gonna reach us, ooh? Armed with the best of intentions
Our eyes are burning through the dark
Wondering if dreams are gonna find their mark Love is a wild thing, ooh, baby
Love is a wild thing
Can't hold a wild thing, ooh, baby
Can't stop a wild heart Hold onto love
And it will vanish like a smile
As you watch, you'll see it
Slip through your fingers To the challenge we rise
Could it be this time's the charm?
There are secrets in your eyes
Love is a promise, ooh Holding back hearts often broken
Thinking the words never said
All this emotion's gotta find a way Love is a wild thing, ooh, baby
Love is a wild thing
Can't hold a wild thing, ooh, baby
Can't stop a wild heart Love is a wild thing, ooh, baby
Love is a wild thing
Can't hold a wild thing, ooh, baby
Can't stop a wild heart, no Breaking down the walls Armed with the best of intentions
Our eyes are burning through the dark
Wondering if dreams are gonna find their mark Love is a wild thing, ooh, baby
Love is a wild thing
You can't hold a wild thing, ooh, baby
You can't stop a wild heart, no Love is a wild thing, ooh, baby
Love is a wild thing, oh, no
Can't hold a wild thing, oh
Ooh, can't stop a wild heart
