

# I'm Getting Used to You

Selena

Wasn't like me to fall in love  
That's just the way that I was  
But now when I feel you holding me  
Something inside just tells me you've gotten to  
This heart of mine  
And now I know it's true 'cause darling I'm  
Darlin' I'm starting to find I'm getting used to you  
Ooh and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you Didn't think that a love could mean that much  
But you sure changed my mind with your touch  
Never knew that my heart could need you so  
Now I know that these arms can't let you go  
No they wouldn't even try  
'Cause I'm sure that you're the one that I  
Oh one that I need in my life I'm getting used to you  
Ooh and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you Ohh [Repeat x3] You've gotten to this heart of mine  
And I know its true 'cause darlin' I  
Oh darlin' I'm starting to find  
You're the one I need in my life I'm getting used to you  
Ooh and I'm loving every single thing about you  
I'm getting used to you  
And I could never get used to living without you  
Ain't no living without loving you
