

Make Us One (feat. Chris Quilala)

Jesus Culture

May Your will be done in us
In Your arms we learn to trust
You are our strength our strength O God May Your name be glorified
By our lips and by our lives
O Lord we pray have Your way in us
O Lord we pray have Your way in us As we cry out to You O Lord make us one
Let the whole earth see through us what You've done
May our hands find reach for what our words can't preach
O Lord make us one Though Your charity survives
All our stumbling all our lies
Jesus we pray have Your way through us
As we cry out to You O Lord make us one
Let the whole earth see through us what You've done
May our hands find reach for what our words can't preach
May the world finally see that You made us one
