Get Ya Flowers

Auryn

They flock around you
Like some hungry wolves
With their broken hearts
And their used up liesThey flock around you
Because you're beautiful
They'll do anything
To find your weakness
Don't fall, it's a bad idea
Don't fall it's a bad idea
A catastrophe
Oh can't you see
It's a bad ideaI'll get ya get ya flowers
I'll get ya get ya things
You give me superpowers
Oh oh oh oh oh oh
I'll get ya get ya flowers
Sweet lovin, rocks and rings
I'll make your heart believe it Anything thatyou want Anything I can get
Everything that I am
Is at your feet so don't forget I'll get ya get ya flowers I'll get ya get ya things I'll use up all my powers
Oh oh oh oh oh ohBecause you're lonely
They can use your pain
To lure you close
Watch your back
