

Sins of Omission

Testament

The day's vanished in the night
Soon the children pray, pray themselves alone
Te hate build from their pride
You can't take away, can't take what they own
The eyes watching from the sky
Guides them through the haze, calling far away
The rain is black as black, black as night
Oh let them pray
False sense of pride, satisfies
There's no reason for suicide
Use your mind and hope to find
Find the meaning of existence
Cries they answers wonder why
Why it's time to die, time to die alone
'Cause I'm wasting too much time
Wandering down the line, reason why I go my own
False sense of pride, satisfies
There's no reason for suicide
Use your mind, and hope to find
Find the meaning of existence
The eyes watching from the sky
Guides them through the haze, calling far away
The rain is black as black, black as night
Oh let them pray
False sense of pride, satisfies
There's no reason for suicide
Use your mind, and hope to find
Find the meaning of existence
False sense of pride, satisfies
There's no reason for suicide
Use your mind, and hope to find
Find the meaning of existence
