Diver

Canterbury

I'll go when I want to
Don't be surprised when I race you
'Cause I wait and I know that I'll run
Better not play if you think you've been burned
I'll move cause I like it
I won't be denied if it don't fit'Cause I feel, and I touch, and I live
'Cause I feel, and I touch, and I live
'Cause I feel, and I touch
'Cause I feel, and I touch
'Cause I feel, and I touch
'Cause I feel, and I touchSo you got some premonition all about my ways
Think you know some, but you're no one
You're getting in my way
Always looking over my shoulder
But you'll never see what I'm about 'til it's overI'll go when I want to
Don't be surprised when I race you
'Cause I wait and I know that I'll run
Better not play if you think you've been burned
I'll move cause I like it
I won't be denied if it don't fit'Cause I feel, and I touch, and I live
'Cause I feel, and I touch, and I live
'Cause I feel, and I touch
'Cause I feel, and I touch
'Cause I feel, and I touch
'Cause I feel, and I touchI wanna be a diver into the sea
Beyond my world, going over me
A dangerous world, setting me free
I wanna be a climber in liquidity
The hardest world hanging over me
The fear of the cold, setting me free
Set me freeI'll go when I want to
Don't be surprised when I race you
'Cause I wait and I know that I'll run
Better not play if you think you've been burned
I'll move cause I like it
I won't be denied if it don't fit'Cause I feel, and I touch, and I live
'Cause I feel, and I touch, and I live
'Cause I feel, and I touch
'Cause I feel, and I touch

'Cause I feel, and I touch
'Cause I feel, and I touch
