

What's Going Ahn (Demo)

Big Star

I liked her face and oh, those eyes
She left today, oh goodbye
And looking at you I'm drained outright
And isolated in the light And I resent everyone
Ever since I was young
I'm starting to understand
What's going on and how it's planned I like love but I don't know
All these girls they come and go
Always nothing left to say I resent everyone
Ever since I was young
I'm starting to understand
What's going on and how it's planned
