

Smrt Za Smrt (Octex Mix)

Laibach

(Death For Death)

pribjali zlocince nailing criminals
zive na drevesa alive to trees
strahotno mucili cruelly torturing
iztiskali oci gouging out eyes
rezali usesa in jezike cutting off ears and tongues
jim trli ude crushing their limbs
prebadali misice na nadlahteh piercing biceps
ter jim skozi odprte rane vtikali their bound hands
prekrizane roke thread through their open wounds
cele zlocinske družine pomorili all criminal families killed
nekak specialist some specialist
za pobijanje krivih otrok in zena for executing guilty women and children
katerim so kar z zepnimi nozi by cutting their heads off
rezali glave with pocket knives
smrt za smrt death for death
smrt za smrt death for death
smrt za smrt death for death
smrt death
