

The Grand Guignol

Burning Image

Another time, another place, so long ago
Welcome to the show
Life has a way of making bad things look like fun
The show has just begun
It's- not- so- fun when they come for me
I don't like what I see
Welcome one, welcome all to The Grand Guignol
Welcome to the showIf you watch it, you might go insane
Can I close my eyes and wish it away?
They told me that it's just a play
It's nothing like the world we live in todaySo all you folks sit back and enjoy the show
It's not for everyone
You're gonna wish that you had changed your mind
It happens every time
You- can- do with me as you please, I'll be your disease
Another day, another play at The Grand Guignol
We are the showREPEAT CHORUS
Today-----You're right
I'm so-----depressed
Kill myself
