

# Hard Wired

## James Hardway

Well water was wine  
Back on blue Mountain Time  
While I watched your lovin' expire  
    While I laid close to you  
    As the lace on the shoe  
    And that's when I knew  
We were hardwiredWell you bumbled like bees  
    And I boiled like the seas  
    While you led where no one would follow  
        So I hid in the mud  
        Of my catholic blood  
And let that minute hand race towards tomorrowBut are you are as you came  
    Mostly bliss and cocaine  
Just a match beggin' for fireYeah, and I am as I was  
    Sick with mercy and love  
    Well I'm sorry enough  
I was hardwiredSo baby sit by the still  
    Drink up your fill  
    Tell all of them people your problems  
        Those friends were so true  
        When you were 22  
But now you've got nothing in commonCause they are as they came  
    Mostly bliss and cocaine  
Just a match beggin' for fireYeah and I am as I was  
    Sick with mercy and love  
    Well I'm sorry enough  
I was hardwiredSo baby brace for good times  
    Oh, do what feels right  
    And send me the bill when you tire  
        Cause I am as I came  
        And I'll still be the same  
        Well I've got nothing to blame  
Oh I was hardwiredOh cause I am I was  
    And I'll stay here because  
    Yeah, you know the truth always was  
        We were hardwired
