

# Life of the Party

## Molotov Cocktail Piano

Well I've been waiting like all week long  
And the DJs playing our favorite song  
Well It's got me singing  
    Na na na na na  
    Na na na na yeah  
    Tell my what you're drinking,  
        Gonna get you right  
        (Tell me what you're drinking, girl)  
    Tell me, little baby, we'll be rocking all night  
        I wanna get you singing  
        Na na na na na  
        Na na na na yeah  
        When it all comes crashing down  
        Tell me who's beside?  
        You get one chance, you only get one shot  
        So come on pretty baby show me what you got  
        Show me how you sing it,  
        Na na na na na  
        Na na na na yeah  
        Well, the night flies by, no, the sun don't wait  
        So smoke them if you got them before it gets too late  
        Everybody's singing  
        Na na na na na  
            Na na na na yeah  
        When it all comes crashing down  
        Tell me who's beside you now?  
    Be the life of the party  
    You won't be sorry  
Tell me who are we if we ain't with our friends?  
    It's the end of the world  
    All you boys, all you girls  
Put your hands together, let me hear an Amen  
    Na na na na (x8)  
    Be the life of the party  
    You won't be sorry  
Tell me who are we if we ain't with our friends?  
    It's the end of the world

All you boys, all you girls

Put your hands together, let me hear an AMEN

When it all comes crashing down

(when it all comes crashing down now, when it comes down who you gonna call now?)

Tell me who? s beside you now?

That's right

You smell that?

It smells like Boys Like Girls is back

Be the life of the party(x7)
