

Blindfolded

Ian Isiah

Walking through this strange and crowded place
Imagining your face, fighting my way through
 Oh I feel you getting close with every step
 With all that I have left
 I'm reaching out for you
 If I was blindfolded
 If my memory was erased
 If every sign pointed to another place
 I'd still find you
 I will still find you
 I'd still find you
 If I was blindfolded
 My fingers trace the outline of your shape
 And recognize the way you pull me into you
 Oh you're calling out to me not saying a thing
 You're everything I need
 And all that I could never ever lose
 If I was blindfolded
 If my memory was erased
 If every sign pointed to another place
 I'd still find you

 I will still find you
 I'd still find you
 You're the gravity that's taken hold of me
 Every time I lose my way
 It's the chemistry more than eyes can see
 And no matter where I am
 I will still find you
 I will still find you
 If I was blindfolded
 If my memory was erased
 If every sign pointed to another place
 I'd still find you
 I will still find you
 I'd still find you
 If I was blindfolded
 If my memory was erased
 If every sign pointed to another place

I'd still find you
I will still find you
I'd still find you
If I was blindfolded
