Tomorrow

Rosie Thomas

What if I told you
I could lose you?
If I waited,
Tomorrow, tomorrow, tomorrow
May be too late

Birds fly above you
Love is around you
I would like to be too
Forever, forever and ever
With you

I would follow you
Anywhere you are going to
Tomorrow, forever, always

And if you were to
Sail across the ocean blue
I would like to sail with you
I'd follow, I'd follow, I'd follow
You home

I would follow you
Anywhere you are going to
Tomorrow, forever, always

I would follow you
Oh, anywhere you are going to
Tomorrow, forever,
Tomorrow, forever,
Tomorrow, forever, always
