

# Midnight Moses

## Britny Fox

Hey, hey, hey, heyUnderneath the green veranda  
Singin' love songs for mad MarandaThey call me the midnight Moses  
Everything I touch is coming up rosesHey, hey, hey, heyTell me where I'm going  
I got no way of knowin'  
I wish I was a forest ranger  
Danger, danger, dangerHey, hey, hey, heyI had an afternoon fever  
And when I flew out to Geneva  
I just took me a notion  
To fly right across the ocean
