Jet life to the next life
Jet life to the next lifeDon't miss this jet hoeClub couches, gold digging hoes hounding
Wishing to wake up in one of our houses
'Cause we got it, they want it
High end shopping on Rodeo, bags
Boxes being carried
They wishing we was married
Yacht party, I suggested she wear no socks with her Sperrys
Choppin' vulgar and proper over vodka and cranberry
She wasn't offended
She was all the way with it
Said she rolling with me 'cause she know I'm going for the millionsDon't miss this jet hoe
Don't miss this jet hoe
Don't miss this jet hoe
Don't miss this jet hoe
Talking jet life to the next life

Don't miss this jet hoeLet's go, hold it in and don't let go
Diamonds frozen up, pockets swollen up
I been rolling up since I was old enough (since I was old enough)
Niggas wanna talk about us, nigga what about timing (what about timing)
Niggas wanna talk about luck, nigga what about grindin' (what about grindin')
I'm baking wherever I want
I'm paid so my trunk in the front
Make in a day what you make in a month
Got a lot of cash so a nigga gon' stunt
Spend it on grass, Spitta rolling one up
Yea we live fast but the main thing is trust
T.G.O.D., keep gin in a cup
Get in where you fit in, I'm winningDon't miss this jet hoe
Don't miss this jet hoe

Living in a tower
In a double S Impala
Horse power,Â girls follow
Recognize and seek guidance on counting dollars
High on top a money mountain, never coming down it
Looking for a G, capital, well you found it
Green back, stacks, overseas his accounts is
She know all about it, mama ain't stupid
She know this her time and she's about to choose himDon't miss this jet hoe
