

# I Let Love In

## Nick Cave & The Bad Seeds

Despair and deception  
Love's ugly little twins  
Came a-knocking on my door  
I let them in  
Darling, you're the punishment  
For all of my former sins I let love in, I let love in  
The door it opened just a crack  
But love was shrewed and bold  
My life flashed before my eyes  
It was a horror to behold  
A life-sentence sweeping confetti  
From the floor of a concrete hole I let love in, I let love in  
I let love in, I let love in Well, I've been bound and gagged  
And I've been terrorized  
And I've been castrated  
And I've been lobotomized  
But never has my tormentor come  
In such a cunning disguise I let love in, I let love in  
I let love in, I let love in Oh Lord, tell me what I done  
Please don't leave me here alone  
Where are my friends?  
My friends are gone Oh Lord, tell me what I done  
Please don't leave me here alone  
Where are my friends?  
My friends are gone I let love in, I let love in So if you're sitting all alone  
And hear a knocking at your door  
And the air is full of promises  
Well buddy, you've been warned  
Far worse to be love's lover  
Than the lover that love has scorned I let love in, I let love in  
Yeah, I let love in, I let love in  
I let love in, baby I let love in  
I let love in, I let love in
