Don't Stop the Rock (Re-Recorded / Remastered)

Freestyle

There's a party in the house and we'll be rockin' tonight
So bring your body with you baby and I'll make you feel right
It's a freaky celebration of a natural kind
And the pleasure you'll experience will blow your mind[Chorus: x2]
Freestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm rightEverybody will be dancing to the beat on the floor
You will encounter situations never thought of before
Satisfaction's guaranteed if you know what I mean
And when you walk into the door its such a freaky scene[Chorus]All you ladies interested in the words I speak
We will be rockin' like this every night of the week
And all you fellas tell the ladies "Don't Stop the Rock"
Cause you know that we'll be jammin' all around the clockI went to a party and what did I see?
The girls were wearing leather skirts and see thru jeans
I asked the D.J. to tell me what was going on
He said Freestyle's having a Freak-A-Thon[Repeat]
Freestyle's kickin' in the house tonight
Move your body from left to right
To all you freaks, don't stop the rock
That's freestyle speakin' and you know I'm right
A Freak-A-Thon!There's a party in the house and we'll be rockin' tonight
