Give It All

The Amity Affliction

Just take it all
My heart, my bones
My every word from out my lungs
My every breath and every thought
Take every word I've ever sangAlthough I'm glad to help you out
And get your feet back on the ground
Please understand I'm just a man
You understand, I'm just a manAnd I feel helpless when I stumble
And my anxiety escapes
I used to hope and I'm afraid
That once again I've lost my placeI give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floorBut every song's a two way street
I give to you, you give to me
And as long as it remains
I will still hold my heavy feetBecause you're all worth every word
And you are all here in my heart
As I awaken just again
To avoid falling apartI give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floorI give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floorAt the end of everything
This is for you, this is for me
Your fight to overcome defeat
Has set the skies alight for meI give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floor(I give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floor)(I give it all and when I fall
I get up and give some more
Until there's nothing left of me
Just some bones stacked on the floor)(I give it all and when I fall
I get up and give some more

Until there's nothing left of me
Just some bones stacked on the floor)
