Touch This Light

House Of Heroes

When I get lost in a sea of grey
When I get tangled up in the wires
And my only hope is a beggar?s grace
It?s you that I find
Before I?m blinded
I can see you there, in a rain of fire
Reaching out for me, I can touch it
I can hear your voice, calling out my name
I wanna touch this light
Oh Oh Oh Oh
Oh Oh Oh Oh
Oh Oh Oh Oh
When I feel crushed underneath the weight
Cursing every step as I toe the line
I say my prayers to a rebel king
And your light shines
Before I?m caught up in it
I can see you there, in a rain of fire
Reaching out for me, I can touch it
I can hear your voice, calling out my name
I wanna touch this light
Oh Oh Oh Oh
I wanna touch this light

Oh Oh Oh Oh
I wanna touch this light
Oh Oh Oh Oh
I wanna touch this light
Oh Oh Oh Oh
Make a run, Make a run for the sun
Make a run, make a run touch this light
Make a run
Make a run
Make a run
If I could see what you see in me
If I could push through the crippling fear
Then I would run with the raging wind
Then I would live again
I can see you there, in a rain of fire

Reaching out for me, I can touch it
I can hear your voice, calling out my name
I wanna touch this light
Oh Oh Oh Oh
I wanna touch this light
Oh Oh Oh Oh
I wanna touch this light
Oh Oh Oh Oh
I wanna touch this light
