Take A Picture

Lil' B

Sittin here thinkin' bout yesterday and all the friends I've had
Never ever thought that I would change but as I'm lookin' back
Feels like I'm growin up so damn fast
Before I know it my futures now my past like sand through an hour glass
I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together
Sittin here thinkin' about my yesterdays, things weren't this crazy
I wasn't so emotional, I didn't cry at commercials
Sometimes I feel like a mess and people laugh at how I dress
And sometimes I act like an ass and watch sand through an hour glass
I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together
I wanna take a picture so I remember this moment forever
(So I can show my children one day)
I wanna take a picture so I remember this moment together
I wanna take a picture so I remember this moment forever
I wanna take a picture so I remember this moment together
I'm reminiscing and I'm missing my past
I'm reminiscing and I'm missing my past
I'm reminiscing and I'm missing my past
Ever, forever, ever, forever
Ever, forever, ever, forever
I wanna take a picture so I remember this moment forever
