

Your Kiss of Fire

The Supremes

(Harvey Fuqua/Robert Gordy)When you first gave it to me

Your sweet kiss of fire

The burning flame of love

Started mounting higher

Till it consumed my heart and soul

And like King Midas loved his gold

I wanted you alone to hold

And your kiss of fire

Your sweet kiss of fire

Your sweet kiss of fireAnd then you took it away

Your sweet kiss of fire

Taking the thrill out of love

Killing my desire

I'm like a leaf without a tree

Like a fish without the sea

I'm as cold as cold can be

Without your kiss of fire

Your sweet kiss of fire

Your sweet kiss of firePlease don't forsake me

After showing me the way to love

Just come on and make me

Warm as the sun that shines above
