

Skydive

Noa Neal

There are times when you can't see the beauty
You've lost sight of the beauty in your life
You can't help it, you feel a little lonely
Can't remember what it's like to feel alive Oh oh, the air will clear your mind
Oh, you know you know that you'll survive It's time to take a sky dive, baby
Won't you jump, jump with me
Look around and see the world below you Its time to take a sky dive, baby
Won't you jump, jump with me
Your worries will be well beneath you You know you're alive, you know you're alive
Feel the rush as you jump, you got no choice but falling
You know you're alive, you know you're alive
'Cos it's your voice that's calling and it's saying 'I survived'
There are times when you can't see the meaning
And you're drowning, you're drowning in a river of fate
You forget that you're breathing
And it's too hard, it's so hard just to get your head straight Oh, oh, the air will clear your mind
Oh, you know, you know that you'll survive It's time to take a sky dive, baby
Won't you jump, jump with me
Look around and see the world below you Its time to take a sky dive, baby
Won't you jump, jump with me
Your worries will be well beneath you You know you're alive, you know you're alive
Feel the rush as you jump, you got no choice but falling
You know you're alive, you know you're alive
'Cos it's your voice that's calling and it's saying 'I survived'
Jump, jump, jump on out
Be strong, have no doubt
Shout, scream, let it out
Now you can begin
Shoot, shoot, like a star
Know how great you are
Fly, fly, travel far
Know that you will win There are times when you can't see the future
And the past is just a thorn in your side
You can't get to the present
'Cos you're lost and you're hurting inside
It's time to take a sky dive, baby
Won't you jump, jump with me Look around and see the world below you
It's time to take a sky dive, baby
Won't you jump, jump with me

Your worries will be well beneath you
You know you're alive, you know you're alive
Feel the rush as you jump, you got no choice but falling
You know you're alive, you know you're alive
'Cos it's your voice that's calling and it's saying 'I survived'
